Subject: RE: Denver Teacher's set to Strike next week

Hello Everyone,

I had a chance to connect with Ashlee and she clarified that her site coordinators are .5 FTEs in the 21st CCLC budget. Given that the district is already paying half their salaries, them working during the school day should not be an issue. I probably should have checked their budget first.

Let me know if I've missed any considerations here.

Thanks!

Cody

Hi Diane and Marti,

I'm going to give you ladies a call in a moment to check in about the email below. I'm concerned about time and effort if they are using 21st CCLC staff to support classrooms during the school day.

Cody

Subject: Denver Teacher's set to Strike next week

Hi Cody,
I am not sure if you saw (I am guessing you did), the Denver teachers are set to strike on Monday and we are required to support in the day school, our site coordinators are all supporting in their schools. We will still be providing afterschool services at all of our 21st CCLC locations as long as the day school attendance numbers makes it feasible. There has been some talk of consolidating school locations that are close to each other if attendance numbers are low.
All the attendance is currently up-to-date and submitted. I will be in touch and communicate any concerns that may arise in regards to programming.

Best,
